FRIDAY MORNING, MARCH 20, 1908.

FRANTIC FLIGHT.

Desperate Ruse of "Examiner" Man.

Finally Captured in Thrilling Race in Waters of San Diego Bay.

Three Members of "Examiner" Staff in San Diego Jail Last Night.

All Accused of Burglary, and One Makes Most Astonishing Confession.

(BY DIRECT WIRE TO THE TIMES.) SAN DIEGO (Cal.) March 19.—[Exclusive Dispatch.] After a thrilling man-hunt that recalls the days of Harry Tracy and other famous criminals, another Examiner reporter, Harry Talbot, was arrested today and jailed—making three now in the tank here.

He was trying to escape to Mexico in a fast steamer to avoid prosecution for complicity in the Hearst burglary, when pictures were stolen from H. H. Fitch's studio and printed in the Examiner. The chase included a flight down fire escapes and a race by automobile and steamer.

Deserted by the paper which compelled them to commit crime, the unhappy Examiner reporters realize that their only safety is in flight.

The Justice Court looked today like a Hades editorial room, three members of the staff standing up to answer to charges of burglarious housebreaking. Up to the last moment they kept hope alive, but the Examiner did not become to their rescue.

All three men were sent back to jail in default of bail. Because he escaped from the officers by climbing down a fire escape, after giving his word to be in court, Examiner Reporter Talbot's bail was at first placed at \$200. It was finally fixed at \$300, the same as that of Examiner Reporter Boardman and Examiner Reporter Hentley.

Reported by the city editor of the Examiner to be secretly in San Diego today, he did not go near the accused young men.

Special emissaries of the Examiner have approached those who are prominently connected with the prosecution today in a frantic attempt to "fix" the case. So far, they have not been able to find any one willing to follow the reporters into crime by compounding a felony.

BEARDS CONFESSED.

Young Boardman has made a statement, in which he threatens to have editors of the Examiner arrested for criminal libel on account of the Examiner's published statement, in which he was reported as a felon, and cast off.

Boardman states that, on the arrival of the special train bearing the plunder from San Diego, he was reported at once to his editors, telling them the conditions under which he swiped the pictures. Boardman asserts that they commended him at that time for his "enterprise." He said he was told he would be "fixed" unless he got the pictures.

Rumor is persistent that Examiner editors are to be arrested on the charge of receiving stolen property, in addition to the possible criminal libel suits.

The desperate attempt by Talbot today to escape has shown the officers that they can afford to take no chances and have dangerous men to deal with.

Talbot was in San Diego as a member of the Examiner staff at the time of the burglary of Fitch's studio. He was taken into custody yesterday morning as a witness in the case, officers not being able to ascertain his exact connection.

Talbot promised Asst. Dist. Atty. Uley to be in court when the case came up this morning, and consented to have an officer accompany him wherever he went in the meantime.

Officer Fish was detailed for that duty.

As a matter of courtesy, Officer Fish allowed Talbot to go to the office of Attorney J. E. Wadham this morning for a consultation. Talbot asked the officer to get him a box of cigarettes. Fish, unsuspectingly, did so.

THE ESCAPE.

When he came back both attorney and Examiner reporter were gone. Fish says Talbot got out down a fire escape.

Fish alarmed the police, who instantly began a wild chase in automobiles. It was known that Talbot had intended to sail on the supply steamer Culgoza for Magdalena Bay. Although any hardly thought probable that any newspaper would send as its representative a man suspected of complicity in a felony, it was decided that Talbot might still try that means of getting beyond the jurisdiction of the United States.

Armed with a warrant for Talbot's arrest, Deputy United States Marshal Patten rushed by automobile for the Culgoza. Capt. Patten informed him that Talbot was not on board, and promised not to permit him to come on board.

Some one gave the officers a tip that Talbot intended escaping down the

LELAND STANFORD ATHLETES UNDER SUSPENSION.

L. R. Gray and Fred Lanagan, two of the original twelve Stanford students who were suspended for participating in an anti-family parade. Gray, who is shown on the left, is captain of the crew and lives at Riverside. Lanagan is captain of the track team, brother of the famous coach, and holder of the Coast record for the pole vault. Both are necessarily spectators on account of being in training.

had moved to adjourn the interstate wage conference due this day. The report favored the past best and course to pursue.

Mr. Lewis retorted by saying the miners had taken part in disintegrating the interstate agreements. This indirect reference to the policy of President Mitchell in joining with the Western Pennsylvania operators in signing a scale two years ago brought Mr. Mitchell to the floor in support of the committee report. He said few delegates had expected a unanimous report from the committee and it was true there was difference of opinion as to the policy in the committee. The result was a compromise. He said the report did not reflect the exact views of President Lewis, who reported different opinions. But the decision was a course that it was thought was for the best interest for the greatest number so far as it was deemed possible to attain.

President Green of the Ohio miners favored national suspension when circumstances justified and when there was reasonable hope for success. He believed the unorganized miners of the country would never be brought into the union except by a successful national strike.

The report of the committee, authorizing signing a wage scale by districts in the central competitive field, was finally adopted by an almost unanimous vote.

RIOT SEEKING WORK.

POLICE BEAT MEN DOWN.

(BY THE ASSOCIATED PRESS.—P.M.) CLEVELAND (O.) March 19.—One man was fatally injured and a number of others seriously hurt in a riot near the plant of the American Steel and Wire Company in the south end of the city this morning.

Fifty men were crowded around the gates of the plant seeking employment, most having gone out that day in quest of work. A riot broke out, following the attempt of those in the crowd to get closer to the gates. A general fight began, the men using stones and clubs as weapons.

One man was armed with a revolver. He shot down his opponent who struck him with a rock. At this juncture

THOROUGHLY COWED.

HAYTIAN CHIEF WILL BE FORCED TO RESIGN.

(BY DIRECT WIRE TO THE TIMES.)

PORT AU PRINCE, March 19.—[Exclusive Dispatch.] With German and French warships in the harbor and United States cruisers on the way, President Nord Alexis is thoroughly cowed and is about to resign his office.

It was announced today that the proposed high-handed government plot to force the resignations to give up masses and massacre the whites had been quite abandoned. This means, according to the best official authority, that the President will be forced out.

Ninety-two years old, the object of intrigues, with most of his old-time power gone, the aged President made his loud threats against the legations because after the execution of the Coleus and others who were shot at the same time, he was forced to sign a declaration to the effect that they were caught with arms in their hands, which was not true. After signing the document, the general added, he was ready to lay down his arms.

About seventy refugees in the French and German legations have been included in the list of those on the order of embarkment as agreed upon between the ministers and the government of Hayti, through M. Barrois, the Minister of State, although the authorities have guaranteed that they shall not be molested. The refugees, however, place no faith in the government's promises.

Fort, formerly an aide of President Sam's, who was executed by shooting, was shot last Sunday morning, was killed by mistake for another man. He was dragged out of bed before dawn and shot in the belief that he was a suspect named St. Jean.

There are many aspirants for the President's place, both among his enemies and supposed friends. These plots and counter-plots can only end in another season of bloodshed, as no matter who succeeds in grabbing the Presidency, he will be forced to fight

GRAFT PROSECUTION.

CAT OUT OF BAG.

Why Immunity Was Withdrawn.

Ruef Affirms Hency and Burns Wanted Him to Swear Falsely.

Told Them He Received no Bribe Money from Calhoun or Ford.

Pressure Brought to Bear to Force Him to Incriminate Them.

(BY THE ASSOCIATED PRESS.—P.M.) SAN FRANCISCO, March 19.—The contents of another affidavit, which is to be filed in Judge Lawlor's court tomorrow by Abraham Ruef, were given out tonight. The present affidavit concerns Ruef with the reasons Ruef had for refusing to testify against Calhoun, Ford and Schmitz in the United Railways bribery case, which refusal led to the breaking of the immunity contract by the prosecutors, according to the allegations of Ruef.

In the affidavit, Ruef says: "While only those with the prosecution have even suggested or intimated to me that the immunity agreement, or any part thereof, would be repudiated, even on the several occasions when Langston and Hency and especially Burns, attempted to suborn perjury by trying to induce me to swear falsely, in order to assure the conviction of Eugene E. Schmitz, Tracy L. Ford, Patrick Calhoun and others."

In another place in the affidavit Ruef says: "Before the prosecution had intimated to me that they would repudiate the immunity contract, Burns tried to get me to say that I would testify falsely and positively to that which had repeatedly and from the very first been absolutely untrue."

"Hency did, through said Burns and otherwise, threaten me with immediate sentence in case No. 28, and with the repudiation of the immunity contract if I did not agree to testify as they desired."

In the affidavit, Ruef asserts that he informed Burns that he had never spoken to Thornhill Mulally or William M. Abbott concerning any United Railways permit at any time. Also that he never at any time received any money from Tracy L. Ford or Patrick Calhoun, or the United Railways, and that he was never promised any, for the purpose of bribing public officials.

Ruef further states in his affidavit: "There was never any conversation between this affiant and Ford or Calhoun, or any agent of the United Railways concerning the buying of any votes."

Further, Ruef says: "Notwithstanding this, Burns made repeated requests and demands of this affiant that he should change his statement so that it would incriminate the said Ford and Calhoun."

ARGUES ON AFFIDAVITS OF HENRY AND BURNS.

(BY THE ASSOCIATED PRESS.—P.M.) SAN FRANCISCO, March 19.—Arguments upon the 44th objections made by Henry Ach, leading counsel for Abraham Ruef, to the affidavits of Asst. Atty. Hency and Special Agent Burns, was resumed before Judge Lawlor this afternoon.

The court sustained a few of the objections to portions of the affidavits, but ruled against the majority of them. When court adjourned but little more than half of the objections and motions had been passed upon.

A number of additional affidavits on behalf of the prosecution were filed with Superior Judge Lawlor this afternoon in the proceedings of the defense to vacate Ruef's arraignment upon the United Railways trolley franchise cases.

Supplementary affidavits were filed by Daniel and James P. McCarthy, two of Special Agent Burns's men, who acted as guards under Elinor Biggy, in which they denied allegations made by A. Reis, owner of the house which was Ruef's private prison for a time, and averments of Bertha Weigle that she heard Burns and Ruef talking together, and that the former sought to intimidate the prisoner.

Former Supervisor Gallagher and ex-Railroad Commissioner Wilson, who also was a member of the hoodlums' board, filed affidavits today in which they denied that at the request of the prosecution they called upon Ruef and endeavored to induce him to confess.

Wilson averred that Ruef sent for him while Gallagher stated that he called upon the prisoner voluntarily and told him that he (Gallagher) had told everything to Hency and Burns.

The question of bail for Ruef will come up before the Appellate Court tomorrow morning upon a writ of habeas corpus, returnable at 10 o'clock.

NOTED PRISONERS TO DUEL.

ST. PETERSBURG, March 19.—[Exclusive Dispatch.] St. Petersburg dispatches say that in addition to the further challenge of Gen. Gorbatski to fight a duel with Gen. Pock, it is reported that Admiral Nekrasoff, from his quarters in Saint Peter and Paul fortress, has challenged Gen. Stessel to a deadly combat in the yard of the famous prison.

NEW TRUST LAW.

TO PERMIT COMBINE.

Sherman Act to Be Amended.

Provision for Agreements and Contracts Under Federal Supervision.

Terms of Combinations to Be Filed With the Proper Authorities.

Unite, Leaders Willhold Their Indorsement of the Proposition.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, March 19.—[Exclusive Dispatch.] The uncertainty, obscurity and mystery which have surrounded the intention of the administration's friends in introduction of the Sherman anti-trust bill were cleared today by authoritative statements issued by the men who have had charge of preparing the bill, and with the approval of the administration. Both Low, chairman of the National Civic Federation, said today: "I wish it to be known that the measure on which the Civic Federation has been at work is being drafted at the request of the Committee on Interstate Commerce of both the Senate and the House. They united in the request, which may explain away any disposition of criticism the interest of people outside the legislative branch of the government in the matter."

"An effort has been made to draw a bill that will be fair to all interests, to arrive at a modification of the present Sherman Anti-Trust Act, which, while making modern methods lawful, the bill is not quite in its final form yet. We hope it will be ready for introduction in Congress the first of next week."

NOT A LABOR MEASURE.

The bill is not primarily a labor measure, as is often claimed. It is a measure to regulate the business of combinations, and to secure the public interest in the business of combinations. It is not a labor measure, as is often claimed. It is a measure to regulate the business of combinations, and to secure the public interest in the business of combinations.

In fact, work on the measure was started by the Civic Federation committee before the Supreme Court decision in the Danbury case was handed down. Not only is it not primarily a labor measure, but it is not yet assured of receiving the active support of the labor organizations. It is a measure to regulate the business of combinations, and to secure the public interest in the business of combinations.

The measure as now formulated is understood to extend important exemptions to labor organizations, but it does not exempt them from possible penalties for the employment of the boycott. It does look to a reduction of the penalty, however, from triple damages to actual damages.

SQUARE DEAL?

The effort to secure such a measure was inspired by a wish to give business a square deal and to secure by the Federal government information about the inside arrangements, agreements, contracts and combinations of big business interests.

The measure applies to both railroads and industrial combinations, and is, in part, a Federal license act giving combinations the right to register and to file with proper authorities the statements of their terms of combination or agreements.

In the case of railroads this statement would be filed with the Interstate Commerce Commission, and in case of industrial with the Commissioner of Corporations.

Its filing would prevent prosecution, unless it be formally disapproved by the authority receiving it, on the ground that it represented an unjust or unreasonable restraint of trade.

SOME ARE EXEMPT.

Labor organizations are exempted from the requirement to file the corresponding information about their affairs, arrangements, agreements, etc., so are agricultural and horticultural organizations not designed primarily for profit. The labor people want an express exemption in their favor of the right to employ the boycott, and it is because of their insistence on this that they have not yet been induced to accept the bill as drawn, this being a larger concession than the makers of the bill believe should be permitted.

It can be said, however, that the refusal of the labor people to give their approval to the measure and to pledge their cooperation in the effort, to secure its passage, will not prevent the introduction of the measure. On the other hand, its introduction is assured, and it will be passed in the hope of passage at this session.

The administration is much interested because of the strong belief that all kinds of combinations under the law, and would promote a more rapid revival of business.

FOR GOVERNMENT'S EYE.

At the same time, it would give the government information which is absolutely necessary to the administration of the government's supervision of all kinds of combinations.

Experience with the Sherman measure has convinced those who have to do with its administration that it does not represent the right method of handling combinations. The very essence of

(Continued on Fourth Page.)

MISS ELKINS WILL GET GREAT TITLE BY TAKING DUKE.

ROMAN PAPER SAYS RANK WILL BE CREATED—SON WOULD BE FIRST YANKEE HEIR TO THRONE—WOULD OBTAIN MOST NOTED POSITION REACHED BY INTERNATIONAL MARRIAGE.

WASHINGTON, March 19.—[Exclusive Dispatch.] If Katherine Elkins, daughter of the West Virginia Senator, becomes the wife of the Duke of Abruzzi, she will be the first American woman in history to be made a "Royal Highness" in her own right. If a son should be born of the union he will be the first American boy ever crowned with the right of succession to a throne.

This developed today, when it was reported on the authority of the Corriere della Sera, a newspaper of Rome, that Miss Elkins, in the event of her marriage to the Duke, is to be created a royal highness.

When the news became public, sensational experts pointed out the fact that the situation, to be brought about by the betrothal, which has been so often affirmed, denied and reaffirmed, is very unusual. Never before has an American heiress, no matter how high the rank she had acquired by an "international marriage," come within hailing distance of a throne, except in the case of the maternal ancestor of Atty. Gen. Bonaparte, who was married to Jerome Bonaparte, afterward King of Westphalia, but was divorced before he ascended the throne. Furthermore, it is believed by many familiar with the court history, that no woman not an Italian has ever stood in such a position in that country.

The possibility of an American boy sitting on the throne now occupied by Victor Emmanuel is remote, however, because of the heirs who would stand between. While the Duke of Abruzzi is a first cousin of the King, there are two other cousins older than he—the Duke of Aosta and the Duke of Turin. Further, the reigning monarch has a son, Prince Umberto, born in 1904, and the Duke of Aosta has two sons.

Whether or not a son of Katherine Elkins became heir apparent, he would, however, have the highest rank ever held by a boy born of an American mother.

As opposed to the story given currency by the Rome newspapers, recent cable dispatches have said that the King of Italy was opposed to the match, and would insist, if the Duke remained obstinate, upon his renouncing the rights of succession.

TEST POSTPONED.

Medical Students Challenge Christian Scientists to Be Isolated With Germs.

(BY DIRECT WIRE TO THE TIMES.) BALTIMORE, March 19.—[Exclusive Dispatch.] Robert C. Lang and C. E. Maxwell, students at the Baltimore Medical College, have challenged two followers of Christian Science to a test of their respective professions. The two students propose that all four be inoculated with cultures of streptococcus pyogenes germs, which is considered a deadly poison, the medical students to depend for cure upon treatment by physicians and their rivals to rely upon Christian Science treatment.

"It means to us," said Mr. Lang, "that a test, fair and square, is the only means to prove or disprove the value and properties of medicinal treatment or the foolishness and fallacies of the faith cure."

PENROSE DANGEROUSLY ILL.

PHILADELPHIA, March 19.—United States Senator Dais Penrose is dangerously ill at his home here from facial erysipelas. It was stated by the physicians tonight that his temperature had reached 104 and that his condition is serious.

BATTLESHIP COMMISSIONED.

PHILADELPHIA, March 19.—The new battleship New Hampshire, with Capt. Cameron McK. Winslow in command, was placed in commission at the League Island navy yard today. The warship will be ready for sea in about a month.

(Continued on Fourth Page.)

RAILROAD RECORD.

CHEAP TRAVEL TO THE COAST.

Harriman Lines and Santa Fe Compel Innovation.

Lower Rates Are Insured for the Entire Season.

Same Fare for Sixty Days on Account of Fleet.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 18.—[Exclusive Dispatch.] Travel to and from California and the entire Pacific Coast will be cheaper this summer than ever before during an entire season.

After a stormy session of the Transcontinental Passenger Association, held today, the Harriman lines and the Santa Fe gave independent notice that they would put in force summer tourist rates to the Pacific Coast, effective between June and October.

The notice came after an attempt on the part of the Great Northern and Northern Pacific to prevent summer tourist rates from being made, arguing that a minimum basis of 2 cents a mile would be better for the railroads. The southern lines thought differently, and insisted that the Pacific Coast should be granted as favorable rates as the Colorado common points. The basis to be used for Colorado will, therefore, be the basis for summer tourist rates to all points west of Chicago.

Representatives of the southern lines charged the northern representatives with bad faith. It was stated that the Burlington road was in reality unable to put in summer tourist rates to Colorado. Having done so, it seemed inconsistent, it was stated, for railroads owned by the same interests that own the Burlington to hold out for a higher rate to Pacific Coast points.

Up to the Colorado basis the rates to the coast will be about \$1.50 cheaper than last year. From Chicago the rates for the round trip to all coast points between San Diego and Los Angeles will be \$2.25; from St. Louis, \$2.50; from St. Paul, \$2.75; from Portland, \$3.00; from Seattle, \$3.25; from Vancouver, \$3.50. The one-way rates by the way of Portland and the States route to or from California will be 10 percent less than last year.

In addition to this, the same two lines gave notice that they would make the same rates on April 4 and 5 on April 12 and 13, and on May 12 and 13, to San Diego, Los Angeles and San Francisco, only, to take care of those who wish to attend the celebration upon the arrival of the fleet.

FOR BETTER STEEL RAIL.

American Railway Engineering and Maintenance of Way Association Goes on Record.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 18.—[Exclusive Dispatch.] The American Railway Engineering and Maintenance of Way Association concluded today the most successful convention in its history. During the sessions of the day various reports were received and approved. The association passed the suggestion of the board of directors to enter the battle for a better and safer steel rail. The following officers were elected:

President, Walter G. Berg, chief engineer of the Lehigh Valley; vice-presidents, W. McNair, principal assistant engineer Grand Trunk Railway, and C. Fritch, assistant to J. T. Harahan, president of the Illinois Central; treasurer, W. S. Dawley, chief engineer of the Missouri and North Arkansas Railroad; secretary, E. H. Fritch.

FEWER CARS IDLE. BUSINESS IS IMPROVING.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, March 18.—Further evidence of the gradual improvement in general business which has been going on for some weeks, came to hand yesterday in the report of the American Railway Association, showing a decrease in the number of idle freight cars between February 19, the date of the previous report, and March 6, from 120,512 to 114,002.

These figures cover the period since business began to fall off last fall: March 4, 1918, 124,822; February 15, 1919, 124,535; January 8, 1919, 124,535; December 11, 1918, 124,535.

In November, 1917, before business conditions began to fall off, the number of idle cars was only 65,431.

Mayfield Cut-Off to Begin Service.

SAN JOSE, March 18.—The first passenger train to use the Mayfield cut-off, but Sunday, April 11, with a train from San Francisco. The Southern Pacific expects to begin regular service to Los Angeles a week later.

EASTER LILIES PLENTIFUL.

Passengers from Bermuda Report That the Crop May Be Above Average.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, March 18.—[Exclusive Dispatch.] When the Quebec Steamship Company's Bermudian arrived this morning, she was met by many wholesale florists, anxious to know about Easter lilies. The crop was partial failure last year, but this year, according to passengers, the crop is up to the average, if not somewhat larger.

The Bermudian, on her trip from the island, arriving in New York on April 17, will bring about 10,000 boxes of the fragrant blossom. Each box contains five dozen buds, and sells, wholesale, on the pier, at from \$1.50 to \$1.75 a box. The retail price last year was from \$1.25 to \$1.50 per dozen, but this year the retail price will be about 75 cents.

BRYAN TALKS OF FAITH.

CHICAGO, March 18.—Faith in God, in the United States government, in mankind and in one's self, was discussed by William J. Bryan today in a speech delivered to students and instructors at the Armour Institution.

BRYAN LOSES IN NEW YORK.

Unable to Get Ruling for Instructed Delegates.

Empire State Will not Take Sides at Present.

Prefers to Wait Till National Convention Meets.

(BY THE ASSOCIATED PRESS—P.M.) NEW YORK, March 18.—As predicted by Chairman W. J. Connors, the Democratic State Committee today voted almost solidly in favor of an instructed delegation to the national convention. But one voice was raised in opposition—that of Charles P. Williams of Lyons, who subsequently explained that he stood for W. J. Bryan, and if Mr. Williams could have had his way, today's birthday gifts to the Nebraska would have included the promise of united support by the Democracy of New York State.

Today's meeting, held at the Hotel Victoria, lasted just eight minutes. Each of the fifty-one members was either present or represented by proxy.

It was unanimously agreed to hold the State convention in this city, April 14, at 10 o'clock, in Carnegie Hall, at which time four delegates-at-large to the national convention will be elected.

The resolution adopted was as follows: "Whereas, in our opinion, the welfare of the country and of the Democratic party will best be served by the Democratic State Committee of the Empire State, which shall at that time and place appeal most strongly to the intelligence and judgment of the delegates there from all parts of the country."

And, whereas, we believe that, before a choice as full of importance to the people shall be made, the delegates representing the different States should receive and should afford themselves the opportunity of consultation and deliberation with one another, and should have before them the political situation as it may exist at the time of the national convention, and should be enabled to select delegates to the national convention by character and experience and training to advise and protect the welfare of all the people of this country."

BRYAN KEEPS HIS PLACE.

(BY THE ASSOCIATED PRESS—P.M.) CHICAGO, March 18.—Mr. Bryan, who is in Chicago today for the purpose of addressing the members of the Bryan League here tonight, was shown the dispatches announcing the action of the New York Democratic State Committee, and was asked whether he had any comment to make, replied:

"I am glad to hear of the information, but I have absolutely nothing to say with reference to it."

BRYAN DICTATES.

Nebraska Tells How He Would Like to Have Delegates to State Convention Chosen.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 18.—[Exclusive Dispatch.] W. J. Bryan in an interview today declared his record in favor of a plan of selecting delegates to the Democratic National convention that does not harmonize with the ideas promulgated by Democratic leaders who, with Roger C. Sullivan, control the party machinery.

The method Bryan advocates is the one suggested by M. F. Dunlap of Jacksonville, Ill., who is a bitter political enemy of National Committee chairman Lawrence Spear, a Vice-President of the Electric Boat Company, and who is a member of the United States government of submarine torpedo boats, and that certain petitions and addresses made to Congress and the members thereof by these different organizations were caused by the efforts of Archibald, according to the committee.

Mr. Dunlap has had the ear of the Nebraska for two days, and the local leaders today did not see as much harmony of opinion as they had on the occasion of Mr. Bryan's visit here last Saturday.

Bryan's interview is considered significant from the fact that he was generally understood the Democratic State Committee will decide next week the question of the naming delegates to the State convention to be determined by the various county central organizations.

TAKES RAP AT EDITORS.

Bryan Asks Why He Should Accept Advice of Unfriendly Newspapers in Candidacy for Nomination.

(BY THE ASSOCIATED PRESS—A.M.) COLUMBIA (S. C.) March 18.—William J. Bryan, in a letter to William E. Gonzales, editor of the State, says that it is not for him to discuss the question of advisability of candidates. His availability as a candidate, he says, is not a question upon which his judgment be ventured or accepted.

Continuing, Mr. Bryan says: "It is deliberately untrue in ignoring this question and charging the defeat of 1896 and 1900 to me, just as it is unfair in ignoring the still worse defeat of 1894, when the New York World was again the party's adviser. I especially appreciate the generous support that has come to me from the voters believe I can assist the party by being a candidate, why should I refuse? And why should I take the advice of a few editors who have never been friendly, rather than the advice of millions of Democrats who have been friendly?"

UP AND DOWN THE VALLEY.

Dispatch.] John T. Reddington has been intoxicated 2000 times in the last ten years. Judge Barnes in the Superior Court today granted a decree of divorce to Mrs. Elizabeth Reddington, wife of this unusual drinker. Mrs. Reddington said that her husband for at least ten years, has been intoxicated 200 times out of each and every year. Reddington was formerly a Chicago saloon-keeper, but is now in San Francisco.

GETTING THE SPONOR HABIT.

(BY DIRECT WIRE TO THE TIMES.) DETROIT (Mich.) March 18.—[Exclusive Dispatch.] For one gift to stand sponsor for two big freighters, all in a week's time, is unusual, if not entirely unique in the history of Great Lakes shipbuilding. Miss Ruth Hartwell of Chicago will christen the steamship Harry A. Berwind at Ecorse next Saturday, and a week later will break the customary bottle on the bow of the F. O. Hartwell at Toledo.

PENCIL IN HIS COLON.

(BY DIRECT WIRE TO THE TIMES.) RHINELANDER (Wis.) March 18.—[Exclusive Dispatch.] A lead pencil seven inches long was removed from the body of August Peterson, who was operated on at a local hospital. Peterson swallowed the pencil while playing cards and keeping score Christmas Day. The pencil reached the colon, whence the surgeons removed it today.

SEVENTH FAILURE.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 18.—[Exclusive Dispatch.] For the seventh time a jury failed to convict a saloonkeeper for selling intoxicating refreshments in Chicago on Sunday, when the jury in the case against Barney Coffey returned a verdict of not guilty tonight.

Assistant State's Attorney Northrup, who has prosecuted the saloon cases, declared that he was not disturbed by the verdict and would go on with other cases.

STUDENTS' FIGHT.

(BY DIRECT WIRE TO THE TIMES.) ANN ARBOR (Mich.) March 18.—[Exclusive Dispatch.] When the fifteen students arrested Monday night for a student's spree, appear before Justice Dwyer tomorrow morning for extradition, they are "satin-lined."

day, choice 50c.

THE ART OF DRESSING

IT IS REALLY AN EASY MATTER TO BE well dressed, if you care to be. Opinions may differ as to what "well-dressed" really is; but the main requirements are in every case about the same: Correct style, perfect fit, good tailoring, honest quality. They all count, and you want them all.

We are style creators. We know what's correct, and we demonstrate it in our garments. You don't have to order at Nicoll's if you don't want to; but you have to follow Nicoll's styles if you want to be correct!

New Spring Styles in Abundance

Better drop in at Nicoll's today—and have a chat with one of our salesmen.

STANFORD CANCELS U.S.C. TRACK DATE.
"Don't send team, Stanford team disbanded; captain suspended."
U.S.C. last night and caused the recall of the U.S.C. track team as it was scheduled to leave for the Stanford track meet.
Stanford tomorrow, Capt. Fred Lanagan, of the Stanford track team, is one of the twelve students suspended on Wednesday for participating in a parade as a protest against the anti-labor order of the Committee on Student Affairs.
Capt. Lanagan's dismissal from college has broken up the Cardinal track team, and training has been suspended, along with the interruption of all student activities during the present excitement at the university. There is a strong possibility that the intercollegiate meet with California will also be canceled if Lanagan's sentence of suspension is not revoked. Lanagan is one of the most popular men in Stanford, a brother of the famous football coach, Jimmy Lanagan, and holder of the record in the mile walk.

President of Junior Republic Taking Oath of Office. Inauguration ceremonies at the new institution at San Fernando yesterday, which was attended by many friends of the project from Los Angeles, Pasadena and other cities.

Birth of this city, who presided at the inauguration of a new era. He chose this appropriate passage of Deuteronomy: "For the Lord thy God bringeth thee into a good land, a land of brooks and water, of fountains and depths that spring out of valleys and hills; a land of wheat and barley, and vines, and fig trees, and pomegranates; a land of olive and honey; a land wherein thou shalt eat bread without scarceness, thou shalt not lack anything in it; a land whose stones are iron and out of whose hills thou mayest dig brass. When thou hast eaten and art full, then thou shalt bless the Lord thy God for the good land which He hath given thee."

Justice Klamroth announced that the new asked for by the republic had been presented by the people of Fernando.

CENTURY MARK.

Rev. Dr. Thomas of the San Fernando Presbyterian Church, in voicing the welcome of the people of this "Garden of Eden" to the new citizens, said: "Every century is marked by some great thing, and last, but not least among things of the nineteenth century was the founding of the George Junior Republic in New York. The twentieth century will be marked by the great work the Junior Republic here will accomplish. William R. George is great, because he founded a republic, not with a sword, but with immeasurable goodness of heart. When I think of this great republic of ours, I bow my head to the flag, but when I think of the George Junior Republic, I think of a republic within a republic."

"DADDY" SPEAKS.

"Daddy" George, when called upon, suggested that it would be "a mighty banner" and it was done, great applause following. Mr. George then said: "In every state in the Union there are eyes today turned upon the San Fernando valley. People everywhere at first looked upon our undertaking as an experiment, but after twelve years we have proved that it is not. The world outside, over these hills, are looking to see whether this first branch is a one-man work."

"Other republics have been started, somewhat along these lines, but they have not been successful because of some one man, some kind of leadership or committee supervision, and this will be the central point of interest for a long time to come. I want you to keep your eye on the republic. The sentiment shown here makes me say to myself: 'Now, Daddy, you've got to make good,' and we'll do it. (Applause.)"

"We find that we already have over 300 applications from boys and girls to become citizens of this republic, and I think that there are twenty people here, today, each of whom have asked us to take a boy. We will never be able to take all who will want to come."

Roy Herbert, the vice-president, who is about 17 years old, said, after he was sworn in: "It makes me feel good to see so many of you here this afternoon, and showing so deep an interest in the republic. It is a place where every citizen gets a chance—rich or poor, black or white, large or small. Did we get a chance? Of course we did; we got the chance of our life to come out here and start the California republic."

The vice-president then explained some of the inner workings of the republic, and told of the right of appeal.

TWO INJURED, ONE MAY DIE.

Pieces of Steel Fly in Every Direction in Separator Room of Milk Plant—Engineer's Leg Amputated and It's Doubtful if He Recovers. Foreman Also Victim.

Two men were seriously injured about 10:30 o'clock last night at the Belle Vernon Farms Company's plant, at No. 314 East Eighth street, when the turbine of a milk separator broke and the pieces flew in every direction.

P. R. Brainard, the engineer, probably will die. A piece of steel struck him just above the left knee, shattering it. He was hurled about twenty feet against the side of the building and rendered unconscious.

William Slesser, foreman of the separator, received a severe flesh wound on the left leg. He was also thrown several feet and was much bruised on the body.

The men had trouble with the separator earlier in the evening, and had twice overhauled it. Brainard was standing on the platform with Slesser when the turbine, which was about two feet in diameter and an inch thick, broke. Employees in other parts of the plant heard a noise like the report of a cannon and rushed into the room, to find the men lying on the floor. The police ambulance was called and they were taken to the Receiving Hospital.

DEAD MAN DEFENDANT.

Arguments on Indictments Against Fruit Growers' Officials Made in Federal Court.

The case of Ollie J. Watkins, late general manager of the winding California Fruit Growers' Association, came up in the United States District Court yesterday afternoon, on a plea in abatement to the indictments. Although dead, Watkins is still technically charged with defrauding the government.

Attorneys E. A. Meserve and Byron Waters, who represent Thomas F. Koef, one of the indicted men, argued that the indictments were invalid, as two of the grand jurors were not on last year's assessment roll. Assistant United States District Attorney McCormick claimed that the objection could not be raised at this time, according to the State law, and that the defendants have no constitutional right to demand that all the members of the grand jury own property.

DIES FROM SKULL FRACTURE.

John Anderson, who fell in an epileptic fit at Third street and Los Angeles last Monday, sustaining a fracture of the skull, died last night at the County Hospital. He has a family living at No. 115 East Third street.

TO PROTECT SAILORS.

Persons Wrongfully Wearing Uniform of United States Navy Will Be Arrested.

Charged with wrongfully wearing the uniform of the United States Navy, H. L. Files was arrested yesterday and will be tried in Police Court today.

Mother takes a Cascaret and baby gets the benefit. It is easy to supply, in this natural way, all the laxative a baby needs.

An exclusive milk diet tends to constipation with all of us. So does inactivity. Without exercise, without coarse food and fruit and green vegetables, our bowels are never active. Is it any wonder that a nursing baby, who cannot yet walk, needs the help of a laxative? All babies do, as you know.

When baby grows older, his different foods will do what Cascarets do for the bowels. When baby can walk and play and be active, exercise will take the place of a laxative. But, until then, a gentle laxative is almost a constant necessity. All mothers know that.

It isn't necessary to give the laxative direct to the baby. It is better if the mother takes it. Then the baby gets its laxative as part of its food. And the mother is helped at the same time. But see nothing but Cascarets. They are gentle and natural—purely vegetable. No irritation, no harshness, no griping.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and Ten Cents per Box.

NEWS AND BUSINESS.

Capitol Rally.
A Capitol rally and vespers service will be held at the Girls' Collegiate School Sunday afternoon at 4 o'clock. Miss Helen Salisbury will preside. Representatives from all the local colleges will be present.

Hatter in Difficulty.
H. L. Blackman, a hatter and haberdasher on South Spring street, died of a heart attack in his home at 1144 South Spring street yesterday afternoon at 4 o'clock. He was 54 years old. His stock is valued at \$2000.

Mission Meetings.
Rev. George D. Watson will speak under the auspices of Mrs. F. H. Fish at 107 1/2 South Spring street this afternoon at 7:30 o'clock. He will also address the veterans of the Soldiers' Home in the Union Mission at Sawtelle at 8:30 o'clock this evening.

Death from Injuries.
L. M. Treadwell, who became suddenly ill on the third-story window of a rooming-house at Buena Vista and Temple streets, died from his injuries last night at the County Hospital. His body was taken to Fresno Street morgue, where an inquest will be held. Down Elevator Shaft.

While unloading boxes of oranges in the Keystone Produce Company's storehouse at No. 117 Towns avenue, yesterday afternoon, L. H. Burg fell fifteen feet down a freight elevator shaft. His nose was broken and his body badly bruised. He was taken to the Emergency Hospital for treatment. Gladly Bail.

Preparations are under way by the ladies of the German Benevolent Society for a charity ball, to be given next Tuesday evening, in Turner Hall on South Main street. The proceeds of the affair will be devoted to the poor, who are beneficiaries of the society.

Sixth Ward Rally.
Dist. Atty. J. D. Fredericks and W. J. Hagdon will be the speakers tomorrow night at a rally of the Sixth Ward Republican Club, at Adams street and Central avenue. There will be music by the Ladies' Mandolin and Guitar Club and songs by the club's quartet. Later there will be refreshments and dancing. The affair will be open to all.

Slowly Recovering.
Lee Stewart, the six-year-old son of A. H. Stewart of No. 1117 Kensington Road, is at the Sisters' Hospital, slowly recovering from an operation performed Tuesday. The boy was struck Monday by a Hollywood car at Echo Park road and Sunset boulevard, and his left leg was so badly crushed that amputation was necessary.

Will Get It All.
It is announced by the society people who are arranging the Orpheus Club concert for Tuesday evening next, at the Auditorium, that the entire proceeds will go to the Associated Charities and Bethlehem Institution, to assist in making up for the great drain to which those organizations have been subjected in the last few months.

Kappa Kappa Gamma.
The Los Angeles alumni association of Kappa Kappa Gamma will entertain at a Pan Hellenic reception from 3 to 6 o'clock tomorrow afternoon at the home of Mrs. C. B. Woodhead, No. 100 Vermont street. The affair will be in honor of Mrs. W. W. Canby, grand president of Kappa Kappa Gamma. Members of all national Greek letters women's fraternities are expected to attend.

Hit by Car.
In attempting to board a north-bound Hollywood street car at First street and crossing about 7:30 o'clock last night, G. E. Corson, an oil-well driller, stepped in front of a south-bound University car. He was thrown to the pavement, sustaining a dislocation of the left shoulder and several bruises. After treatment at the Receiving Hospital he was taken to his home in Hollywood.

Chauffeur Accused Motorman.
A charge of disturbing the peace was filed yesterday against J. W. Beatty, a chauffeur of the Corona Hotel, and F. L. Mathey of No. 418 West Fifth street. The latter says he was driving his automobile at Fifth and Hill streets, and, owing to the congestion of traffic, was compelled to slow down. He alleges that Beatty brought his car to a stop six feet from his car, ordered at being detoured, drove into the rear of the automobile.

Keen for Parliament.
Great interest is manifested by club women of Southern California in the annual meeting of the Woman's Parliament of Southern California, which will be held at Ventura, April 1, 2 and 3. This will be the first annual session outside of Los Angeles, but the new bylaw providing for only one meeting a year has brought this about. The parliament will be presided over by Ventura Federation of Women's Clubs, Mrs. O. Shepard Barnum, president, and Mrs. F. W. Force, vice-president, are making the local arrangements.

Meeting Postponed.
The annual meeting of the University of California Club of Los Angeles, which was set for March 23, has been postponed till the middle of April to suit the convenience of Prof. Henry Morse Stevens, head of the historical department of the university, who is to be the chief speaker. The membership is steadily increasing. Five dates for meetings have been set. The organization was started here in 1902. Its officers are: Louise Hewitt, president; Max Lowenthal, vice-president; Marion R. Newmark, secretary; J. F. Loeb, treasurer.

Vale Club and Taft.
At the annual dinner and business meeting of the Vale Club of Southern California, to be held tonight at the Alexandria all but one of the speakers will confine themselves to the life and deeds of Secretary of War Taft. Candidate for the Republican Presidential nomination, likewise a Yale man. Former Judge Waldo M. York will tell of "Taft in College." W. H. Taylor of "Taft in College." Dr. William A. Edwards, brother-in-law of Mr. Taft, of a "New England Family," and Rev.

Arthur S. Phelps of "Taft the Man." Frank G. Tyrrell will discuss President Roosevelt. A large attendance of Yale men is expected, all of them being invited, whether members of the club or not.

BREVITIES.

Sunday Real Estate Listers. Classified real estate advertisements for insertion in THE SUNDAY TIMES must be in the office not later than 12:30 o'clock Saturday morning. Other "want" advertisements for Sunday insertion taken over the counter until 11:30 p.m. The great volume of lines printed in THE SUNDAY TIMES, numbering regularly over 500 separate announcements, makes this regulation absolutely necessary in order to get the big Sunday issue out on time.

Sample Shoes. I have doubled my selling space, now have four offices, all on the same floor; all ladies' shoes \$2, all men's shoes \$1.50, 207 S. Broadway, Merchants' Trust Bldg., 5th floor. Take elevator. M. Streicher.

Only one more day to buy sample shoes for \$1 a pair, values up to \$2. 414 1/2 South Broadway, upstairs. Take elevator.

Navajo blankets, Indian baskets and novelties, at cost—millions on retail department. Benham's, 514 S. Hill.

Furs also silk auto and rain coats at D. Bonoff, furrier, 324 S. Broadway. Benham, Hill street, is sacrificing retail stock of Indian goods this week.

Peniel Hall, 257 S. Main st. Gospel meetings, noon and night, daily. Teddy bears and novelties below cost this week at Benham's, 514 S. Hill. Genuine seal bags at Benham's, 514 S. Hill, at manufacturers' cost.

\$1 shoe sale, 414 1/2 South Broadway, upstairs. Take elevator.

S. Benoff, Ladies' Tailor, 655 S. Hill. Artificial eyes, Delany's, 208 Spring st.

UNDELIVERED TELEGRAMS.
There are undelivered telegrams at the office of the Postal Telegraph Company for D. W. Mower, A. J. Smith, C. H. Schwartzman, Mrs. Allen Parvia, R. Walter Johnston, John D. Hicks, Pete Plianos, Miss Josephine Bailey, and cable for "Theodore.".

PERSONAL.

Dr. Leonard W. Burr of No. 1016 West Pico street has just returned from a trip to Europe, lasting six months. Most of this time was spent in the London hospitals, but he also visited Germany, Belgium, France and Switzerland.

J. A. Fletcher of Sacramento, secretary of the State Board of Agriculture, and the Governor's commissioner to the exposition to be held in Seattle next year, will be in Los Angeles yesterday, on his way to Whittier. He held a brief conference with Secretary Wiggins of the Chamber of Commerce in regard to Southern California exhibits at the exposition.

The French cruiser Cleopatra has been ordered to the coast of Morocco to try to rescue the crew of the French fishing vessel Baleine, who were recently captured by Moors near Cape Judy. The prisoners are reported well.

BIRTHS.
Dr. Leonard W. Burr of No. 1016 West Pico street has just returned from a trip to Europe, lasting six months. Most of this time was spent in the London hospitals, but he also visited Germany, Belgium, France and Switzerland.

DEATHS.
At the residence of his daughter, Mrs. A. J. Smith, March 12, 1904, at 4:30 o'clock a. m., Mrs. W. J. Smith, aged 82 years, mother of Mrs. Mary B. Smith, of Los Angeles, and Mrs. A. J. Smith, of Los Angeles.

MARRIAGES.
At the residence of the bride's father, Mr. J. A. Smith, March 12, 1904, at 10:30 o'clock a. m., Mr. J. A. Smith, aged 35 years, and Miss M. J. Smith, aged 25 years, both of Los Angeles.

SANTA FE HAS MIDWAY WELLS.

Friction Over Lease Leads to Flat Purchase.

Two Millions Paid, Mostly in Cash, to Owners.

Cost One Million Eight Hundred Thousand.

(BY DIRECT WIRE TO THE TIMES.)

BAKERSFIELD, March 18.—(Exclusive Dispatch.) One of the biggest oil transactions in recent years was made known here today in the sale of the Santa Fe oil lands in the Midway to the Santa Fe.

The sale involves \$2,000,000 paid to Jameson, Whittier and Stranburg, largely in cash. The oil land is some of the finest on the west side and twenty-five producing wells are now down.

The Santa Fe has held a lease on the lands for several years, buying over the rights of the big Chandler-Casfield Company, of Los Angeles. Recently there was some friction over the lease and it was settled by the railroad buying the land outright. The lease cost \$1,500,000.

By acquiring this territory as its own property, the Santa Fe becomes one of the richest oil land owners in the state.

Mexican Asphalt.

Asphalt made from the Mexican Petroleum, Ltd.'s oil at Elano is being shipped abroad from Tuxtepec in addition to being used for streets all over Mexico. Quite an amount has been shipped for use in various cities of Great Britain, where of course, it enters without restriction under the free trade policy. Transportation is also obtained at a very low rate, little more than nominal, figure. Vessels come to Tampico with foreign cargoes and generally had to return to Elano until the exports of asphalt began. The Mexican asphalt has been successful wherever used. The asphalt is handled by a corporation composed of the Santa Fe, the Chandler-Casfield, all of whom had the opening to take an interest in it in the first place. Most of them are Anglo-Americans.

Local Asphalt Market.

The local manufacturers of asphalt look for a good market this spring summer from indications, with prices at \$12 a ton, Los Angeles or thereabouts. The sales, both at home and in eastern cities, should be good.

sections for his association this past season, and out of the store of information that he gave the assembled ranchmen many valuable "tips." He was refused permission to go through the shipping-houses, although backed in this request by the Grenoble Vice-Consul.

Prof. Ralph E. Smith, the head of the Pathological Laboratory, and J. E. Hoff of Anaheim were other speakers who dealt with the diseases and problems of the same industry. At the afternoon session most of the time was taken up by a consideration of top grafting and walnut trees.

Prof. H. J. Ramsey of the laboratory illustrating and demonstrating the methods adopted in the laboratory. "Making over the bob-tailed tree" was declared to be possible in four years from the time the top was cut off. At this time a spread of thirty feet across the top and an output of fully one hundred pounds of fine blight-proof nuts was declared to be a possibility.

Semi-tropic fruits such as the loquat, guava, alligator pear, custard apple, etc., also came up for consideration. Mr. Taft, who has originated many new varieties of these and other fruits, showing specimens of them and telling of their various uses. The proper fertilization of the soil, as shown by analysis and practical results from the orchardist's standpoint, was discussed by E. L. Keenan of Riverside. The evening session was held at Whittier College, President Thomas Newlin and Prof. E. J. Wickens delivering addresses.

HELP TREE PROJECT.

Property Owners and Santa Fe Give Aid to Santa Fe-River Drive.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PERRIS, March 18.—The prospect of having a tree-lined drive from Perris to Riverside seems nearer consummation than ever before. Some discouragement was at first found, but the difficulties seem to have been overcome, and one of the finest drives in California, lined with pepper trees for an entire mile, is now being planned.

The roadway was too narrow to permit the planting of trees along its sides, so the Santa Fe was finally secured from all but one of the property owners on the east side of the road. At first the Santa Fe declined to grant permission to have the trees upon the company's right of way, unless the company's poles were removed to the opposite side of the track.

Finally, however, the company has executed a lease granting permission, without any conditions rendering the undertaking impossible. Santa Fe's Kimball has agreed to enlist all aid possible from the county to carry out the work.

Cement sidewalks on the business street now seem a possibility for the future. The Chamber of Commerce, a committee was appointed to interview the property owners.

J. W. Lowery is erecting a second building on his main-street property, to be used as an implement warehouse and machine shop. The first store building he constructed recently has a history. In 1884 it was built south of town as the first schoolhouse in this section. In 1888, when the schoolhouse was built, it was moved to the Schneider school district, two miles north of Perris, and later became the schoolhouse in the North Mountain Glen district.

When this district passed it changed hands several times and was finally wrecked, the lumber being used, partly, in the construction of a new business building in Perris.

Mr. and Mrs. H. A. Morrison of Goldfield are visiting Mr. Morrison's parents here. The family has been an assayer and foreman for the Goldfield Mining Co.

Accredited with being one of the best-known mine superintendents in the county, has returned from a trip to Del Norte, the scene of the recent fire in the San Diego county, and pronounced it a fake.

COVINA.

COVINA, March 18.—The ladies of the Covina Methodist Episcopal Church held all-day services yesterday. There were a large attendance of people from Pasadena, Monrovia, Azusa and Glendora.

In the evening Rev. Mr. J. H. Smith, pastor of the Methodist Episcopal Church of Brea, Ind., delivered an address. On leaving India he spent some time in Japan. "The Japanese have been for our country or our institutions," said Mr. Smith, "but as long as America maintains in the Pacific Ocean two battleships to threaten our peace will be maintained, and our demands will be respected. As a nation they are hunting for a quarrel and they would be fighting China today if they had the chance. They were informed by the British Ambassador that war at this time would be displeasing to his government. It is these two nations, England and America, that will maintain peace in the East, and that only by maintaining an armament that will at all times command the respect of the belligerent." Mr. A. Harvey Collins, supervising principal of the Covina schools, delivered a lecture in the High School auditorium last evening on forestry.

At the meeting of the Covina Valley Farmers' Club on Saturday afternoon, A. A. Leder, chief engineer of the Los Angeles County Highway Commission, will deliver an address on good roads.

'PHONE PROFITS INCREASE.

NEW YORK, March 18.—The annual report of President Vail of the American Telephone and Telegraph Company presented today, shows profits of \$23,479,000 against \$17,857,000 last year. Mr. Vail speaks of the vast ramifications of the present system, saying that it is "a system in character with millions of subscribers connected by millions of miles of circuits with local exchange systems of about 10,000 lines, comprehensive system, embracing 1,600,000 miles of wire. The report speaks favorably of public control.

Bankrupt Stock Of the Central Department Store

Will Not Be Sold Today or Tomorrow

The manager of the Fifth Street Store stated last night that the stock of the Central Department Store would not be on sale for several days. When questioned as to the exact date, he said: "We are working night and day on the Central stock, remarking and repacking, and I cannot state the exact date that the sale will begin. We consider the Central stock the greatest plum ever plucked in the commercial world of Southern California, and rest assured the public will be given due notice of the date of the sale. Many lines of wanted merchandise will be sold at half price and some lines at one-third price. The Fifth Street Store bought the entire stock of the Central, with the exception of the jewelry, hair goods and books. The announcement of the opening date of the sale will be found in due time in the

sections for his association this past season, and out of the store of information that he gave the assembled ranchmen many valuable "tips." He was refused permission to go through the shipping-houses, although backed in this request by the Grenoble Vice-Consul.

Prof. Ralph E. Smith, the head of the Pathological Laboratory, and J. E. Hoff of Anaheim were other speakers who dealt with the diseases and problems of the same industry. At the afternoon session most of the time was taken up by a consideration of top grafting and walnut trees.

Prof. H. J. Ramsey of the laboratory illustrating and demonstrating the methods adopted in the laboratory. "Making over the bob-tailed tree" was declared to be possible in four years from the time the top was cut off. At this time a spread of thirty feet across the top and an output of fully one hundred pounds of fine blight-proof nuts was declared to be a possibility.

Semi-tropic fruits such as the loquat, guava, alligator pear, custard apple, etc., also came up for consideration. Mr. Taft, who has originated many new varieties of these and other fruits, showing specimens of them and telling of their various uses. The proper fertilization of the soil, as shown by analysis and practical results from the orchardist's standpoint, was discussed by E. L. Keenan of Riverside. The evening session was held at Whittier College, President Thomas Newlin and Prof. E. J. Wickens delivering addresses.

HELP TREE PROJECT.

Property Owners and Santa Fe Give Aid to Santa Fe-River Drive.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PERRIS, March 18.—The prospect of having a tree-lined drive from Perris to Riverside seems nearer consummation than ever before. Some discouragement was at first found, but the difficulties seem to have been overcome, and one of the finest drives in California, lined with pepper trees for an entire mile, is now being planned.

The roadway was too narrow to permit the planting of trees along its sides, so the Santa Fe was finally secured from all but one of the property owners on the east side of the road. At first the Santa Fe declined to grant permission to have the trees upon the company's right of way, unless the company's poles were removed to the opposite side of the track.

Finally, however, the company has executed a lease granting permission, without any conditions rendering the undertaking impossible. Santa Fe's Kimball has agreed to enlist all aid possible from the county to carry out the work.

Cement sidewalks on the business street now seem a possibility for the future. The Chamber of Commerce, a committee was appointed to interview the property owners.

J. W. Lowery is erecting a second building on his main-street property, to be used as an implement warehouse and machine shop. The first store building he constructed recently has a history. In 1884 it was built south of town as the first schoolhouse in this section. In 1888, when the schoolhouse was built, it was moved to the Schneider school district, two miles north of Perris, and later became the schoolhouse in the North Mountain Glen district.

Lane's 327-329 S. BROADWAY

POLITICAL TOWER

GAS ON THE STOMACH

OFTEN THE CAUSE OF GREAT BODILY DISTRESS.

It indicates a Feeble Stomach in Which the Food Lies Undigested and Shows Need of Tonic Treatment.

When the stomach is feeble the food lies in it undigested, decays and sends off poisonous gases that dislodge the walls of the stomach, and cause interference with other organs, especially with the action of the heart and lungs. These gases have by the blood and corrupt it and so cause action in remote parts of the body and the formation of unhealthy weakness and loss of weight result. The nerves and the brain are disturbed, discomfort, such as dizziness, hot flashes, sleeplessness, irritability and despondence originate from this source.

Experience shows that these troubles vanish just as soon as the stomach is made strong enough to digest the food. In other words, it needs a tonic that will cause it to do the work. The tonic used ought to be one that will agree with the most delicate stomach.

Mrs. Amelia Quinn, a nurse by occupation, lives at 2123 Vernon avenue, Chicago, Ill. She said recently:

"When I was living in Terre Haute, Ind., some years ago, I was in bad health for some months and did not feel like myself. Only that I did not feel like myself. My doctor said I was suffering with indigestion but he did not cure me.

"I had severe pains in the stomach and could not digest any solid food. I had to diet all of the time and had so much gas on the stomach that it was leaving me. I was greatly run down in health and lost in weight.

"I decided one day to drop the doctor's medicine and take Dr. Williams' Pink Pills. The first few boxes helped me and I took them until cured. I came good and my digestion became healthy since. I am glad to recommend Dr. Williams' Pink Pills, as they are worth their weight in gold.

"The remedy which gave Mrs. Quinn any drug store or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 60 cents per box, six boxes for \$3.60. While so promptly effective, harmful stimulants or opiates. Their habit. Every dyspeptic should read 'What to Eat and How to Eat.' Write for a free copy.

HOLD "POW-WOW."

(Continued From First Page.)

marked the old chief, Nembro, stolidly to the interpreter in his harsh guttural. He went on to explain that all the followers greatly feared that and that each band of warriors would be placed on a 5-acre holding. "When we move to our new homes," he continued, "we will have to leave our old homes, the poorest, driest land there is and take the best for themselves."

"When our children are grown up, they will adopt the ways of the white people, but for us, we are too old to change. We could not leave the graves of our fathers," continued the speaker. "We only want justice at the hands of our white brothers."

ATTACHED TO HOMES.

Attorney Brown said: "These California Indians require considerable ground for their ponies and cattle. They raise corn, vegetables, barley and chop their own wood. They are greatly attached to their homes, humble as they are. It was there that their fathers lived and they hope to spend their days in the same spot and rear their children. I am appearing for these Indians because my father was advisor to many departments of the Interior which the idea of the Interior will have been of these words of the government."

Gen. Prescott stated: "The attitude of this office has been outlined by the Commissioner of the General Land Office. About eight months ago he issued a circular letter requiring all regular attention to Indian rights and complaints. All land entries must be accompanied by an affidavit setting forth that no Indians live upon the section to be acquired.

"During the past few months, since the value of Coachella lands has become known, there have been many entries at this office about the section of Indian land."

It is not known whether the Commissioner of Indian Affairs is considering individual holdings for the Coachella.

The Earl of Dudley has been appointed Governor-General of the Commonwealth of Australia in succession to Sir Henry Stafford Northcote whose term is about to expire.

The Simplest Remedy For Liver Trouble

Home Made Mixture That Quickly Rights the System—Cures Indigestion and All Other Results of Torpid Liver.

Here's a remedy that you can easily mix at home yourself and it will quickly put your liver in proper shape.

The unusual amount of liver trouble in California is due—according to medical authority—to the mildness of the climate. When the liver gets enough bile to properly digest the food, and this brings on headaches, eruptions, sallow complexion, and nervousness.

If this medicine is taken regularly, it will keep the liver sound and healthy in any climate. Its author says it will cure any case of liver trouble. Clip it out and take it to your doctor. Get 1 ounce Elixir, 14 ounces Elixir, 14 ounces Elixir. Dose for adults, one teaspoonful four times a day—for children, one-half teaspoonful four times a day—according to their age, though the ingredients all being purely vegetable.

USE HYDROGRADE LININGS

To obtain best results. One of them—"Heatherblom."

Inauguration Month

Truthful Statements

What you read in Bullock's advertising must be literally and absolutely facts. Plain, honest, easily understood facts. The \$18.50 suits for today were as greatly reduced. And many other items.

But our advertising is adequate only to convey a fraction of the store news of new goods and savings.

Watch the tables every day. Today they will be specially attractive.

Don't Bear the Burden of Rent All Your Life

—don't keep on paying out a large portion of your income in monthly tribute to the landlord—make a start to be independent—do what others have done and what others are doing now—buy a lot in Glendale Valley View.

OWN YOUR HOME

Nowhere hereabouts can you find anything that compares with the location of the Glendale Valley View tract, where, for only \$10 down and \$10 per month, without interest and without taxes, you can buy a beautiful lot (30 feet front) with all street work in, including cement walks, curbs, oiled streets, electric light, water piped, in fact, every improvement, for \$400. Rapid and frequent car service. Low fare. We've sold nearly 700 lots and have 110 houses now up. Inform yourself, take up our statements, point by point, and compare them with actual conditions.

WOULD TIE UP FEDERAL JOB.

UNIONISTS SEND BIG CHIEF TO BOSS POSTOFFICE

Gets Cold Shoulder from Contractor, Who Has Plenty of Independent Bricklayers and Won't Permit Domination by Agitators. Threats of Strike Are Made.

Joseph Duffy, vice-president of the International Bricklayers Union, is here with a threat to unionize the workmen on the Federal postoffice building — if he can. He came from San Francisco with orders to turn the closed shop trick. Duffy says he will stay until he does it. He has tried once and failed. He got cold reception yesterday. It was rumored he would call a strike May 1.

On his first visit Duffy called on Contractor Bringham and demanded that all non-union men be discharged from the Federal building. Bringham refused.

As Duffy became insistent Bringham became more firm and the unionist's offer was blocked. Duffy offered to supply Bringham with union bricklayers at \$4 a day. Bringham has been able to get all the help he needs in a day.

Duffy lost his bluff. "This job has not been unionized," declared Bringham yesterday, "and is not likely to be. I have no particular objection to the union, but I can't afford to have men who do my work outside of the union. While these men continue to give satisfaction I shall continue to employ them."

"It is a fact that Duffy did call upon me and ask that I employ only union men. He wanted a wage scale of \$4 a day and offered to furnish all the men I want. I refused his offer. I don't know what he intends to do, but I can get good bricklayers who will do the work for \$3 a day."

Bringham and his men went to the laborer headquarters where he met with a group of unemployed bricklayers who refused to work for less than \$4 a day. Duffy's report made them mad. He tried to bluff them into the belief that he would force the closed shop on Los Angeles.

"We're going to settle this thing this time," boasted Duffy. "I will unionize the postoffice building gang before they go back." He said he would use San Francisco methods to gain his end.

There is not a union man on the Federal building. If any of the bricklayers had cards when they went to work they have forfeited their membership in the bricklayers' union by working beside non-union bricklayers. Work on the new postoffice building is progressing slowly. Lack of material has caused the contractor to lay off a crew of structural ironworkers. A new crew will probably be put to work in six weeks. Bricklayers will be kept busy many weeks.

When the new crew of ironworkers is taken on the local union intends to make a desperate effort to place all union men on the job.

Contractor Bringham will make the same answer to the boss of the Ironworkers' Union as he made to Duffy. He says he will have his own way, and will break in his own gang.

OLD RESIDENT DEAD.

Peter Murtough, Many Years in Los Angeles, to Be Buried This Morning.

There will be buried today, from St. Adeline Church, West Adams street and Vermont avenue, a good old soul, who, in the twenty-one years of his humble life in Los Angeles, made many friends and whose passing is widely mourned, especially in the neighborhood in which he worked and lived. It will be for Peter Murtough that the last rites will be held at 3 o'clock this morning.

Murtough, who, at the time of his death, lived at No. 1222 West Twenty-third street, was one of the early settlers in the Hall tract. He lived in the vicinity of what now is Adams street and Delton way, and the region was but thinly populated, and nearly every one in the southwestern part of the city and those then far-away suburbs.

CORONADO

A March day at semi-tropical Coronado would be June on the Atlantic—Coronado is gay with travelers and naval officers—California's largest resort.

Magnificent Coronado Hotel—hotel of a thousand gables—a unique hostelry, where skilled chefs, good music and luxurious furnishings make life a joy. Boating, yachting, fishing, polo, golf, tennis, automobilism. See E. W. McGEE, 334 South Spring St.
